

Today, Rep. Braley announced funding for the Davenport, Dubuque and Waterloo community health facilities.

Monday, June 29, 2009

Washington, DC - Today, Rep. Bruce Braley (D-Iowa) announced that three communities in eastern Iowa will receive Recovery Act Capital Improvement Program (CIP) grants totaling \$2,470,880 from the Department of Health and Human Services. These grants will be used for renovations to community health centers including the purchase of new equipment and expansion of electronic medical records. This funding was included in the American Recovery and Reinvestment Act, which was signed into in February.

"I'm pleased to announce over \$2.4 million to help provide affordable health care for Iowa families," Braley said. "During these tough economic times, it's important that Iowans continue to have access to quality health care. Today's announcement will put the Recovery Act funding to work by creating jobs and improving health care right here in Iowa."

Following are the individual grant recipients in the First District:

Health

Center

City

Allocation

Community Health Care, Inc.

Davenport

\$1,301,050

Crescent Community Health Center

Dubuque

\$390,315

People's Community Health Clinic, Inc.
